where cutting edge meets the cutting edge.

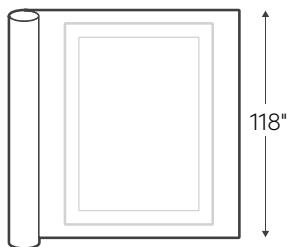

Since 1979, flair21 has remained on the forefront of innovation in textile design and craftsmanship. We are proud to offer the nation's finest selection of wide-width, machine washable fabrics—all backed by our signature five year guarantee.

Browse this catalog to learn more about our expanded product line. Our knowledgeable and friendly staff bring over 150 years of combined experience with fabrics and window treatments. Give us a call for assistance with your next project.

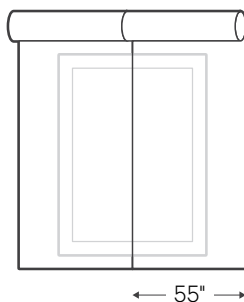

fabrics

Our flair21 collection includes over 200 designs and colors of our most popular sheer, faux linen, and room darkening fabrics. These designs are stocked in our workroom and warehouse, resulting in a quick turnaround time for both fabric orders and finished window treatments.

RAILROADED

UP THE ROLL

ABOUT RAILROADED FABRICS

Almost all flair21 fabrics are available in widths around 118". Unlike most traditional fabric companies, our wide-width fabrics are commonly railroaded in order to utilize the width of the fabric for the drapery's length—thereby allowing for indefinitely wide, seamless draperies and shades.

drapery

Every fabric. Every color. Endless possibilities.

Our fabrics were designed with custom draperies in mind. Our wide-width fabrics allow us to create treatments that can span large windows with no unsightly seams. Our signature Eurohem—a weighted hem applied along the bottom edge of each drapery—ensures that every panel hangs beautifully. Best of all, almost all of our fabrics are machine washable and backed by our five year guarantee—ensuring that your investment in custom window treatments will look beautiful for years to come.

RIPPLEFOLD

simplified style. maximum impact.

Elegant design, easy installation, and straightforward functionality make Ripplefold draperies a great window treatment for both residential and commercial spaces. With its symmetrical folds and flowing aesthetics, Ripplefold draperies can complement both traditional and modern décor.

Indigo 1117 | 666
Tint 8113 | 165

PLEATED

classic style in multiple pleat variations.

Pleated draperies have remained a go-to classic for generations. The header includes a stiffening material that allows neat, crisp pleats to be formed along the top hem. Choose from multiple pleat styles to match your décor.

Berlino 3051 | 302
Muscat 1431 | 678

GROMMET

a modern design with a smooth glide.

Grommets create a casual look for any modern décor. These functional draperies fold back nicely and are easy to open and close. We offer a variety of colors and sizes of grommets that complement any of our 2,500+ fabrics.

ROD POCKET

casual style, simplified

Rod pocket draperies are a perennial classic. Their simple design and casual appearance makes them a perfect fit for many applications.

Malin 3108 | 162
Flair 1070 | 632

RING TOP

relaxed style for casual décor

Ring top draperies add a refined touch to any room without appearing over-the-top. These window treatments lack buckram—the stiffening material that helps pleated draperies retain their shape. This creates relaxed, soft folds along the top edge of the drapery.

Celine 3142 | 563

TAB TOP

perfectly playful draperies

Tab top drapery is created by placing fabric loops along the top edge of each panel. Coordinating colors and designs—including some of our satin and matte ribbon—can be used on the top of these draperies for an extra “pop” of color. Perfect for a family room or child’s bedroom, these draperies pair well with any casual décor.

Cordon 9705 | 997

CORDON STRING DRAPERY

Cordon is our unique and versatile string drapery. Made out of an inherently flame retardant (IFR) material, this treatment is a perfect solution for both residential and commercial spaces. Use it as a traditional window covering or room divider. Available in lengths up to 236".

roman shades

Roman Shades combine the best of both worlds—they are fully functional yet elegant in appearance. Featuring our beautiful sheer, faux linen, and room darkening fabrics, these shades are available in a variety of styles and mounting options. Best of all, our roman shades are now crafted in the United States, with in-stock fabrics shipping in 10 days or less.

control systems

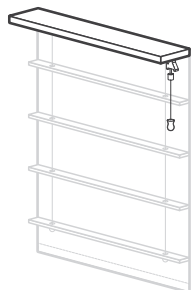

CORDLESS

Our cordless headrail makes it easy to raise and lower your shade while keeping cords and chains out of sight. An easy-to-reach tassel on the back of the shade makes for quick, convenient operation and reduces the need to touch the face fabric.

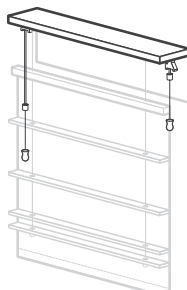

CORDLOOP

Our cordloop operation features a clutch mounted to the furthest edge of the headrail, allowing for easy access to a continuous loop bead chain.

CORDLOCK

Offering traditional shade operation, cordlock shades are raised by extending a pull cord, which locks into place at a specified height.

TOP DOWN BOTTOM UP CORDLOCK

Our top down bottom up shade provides the best combination of privacy and light control. This window treatment can be raised from the bottom like a traditional shade, or it can be lowered from the top to maintain privacy.

MOTORIZED

Raise and lower your shades with the push of a button using our rechargeable, battery-operated motors. Motorized shades eliminate all control cords, making your shades completely safe for children and pets. Operate multiple shades simultaneously with our five-channel remote control.

vertical wrap

Elegant Functionality.

Vertical blinds offer great functionality—especially for large windows and doors—but their utilitarian design can feel cold and out-of-place in many interiors. The Vertical Wrap solves this dilemma by taking everything that is great about vertical blinds—tight stacking, easy traversing, and light control—and wraps it in an elegant sheer fabric.

how it works

Our Vertical Wrap installs in a snap—literally!

A custom made "snap" tape is sewn across the top of each drapery. Fabric tabs are wrapped across the top of each vane before being snapped together. Once assembled, the fabric hangs on the top of each vane.

At the bottom of each treatment, we tack the fabric to create a pocket for each vane to slide into. This pocket helps keep the vertical wrap in place around each vane. The fabric's weighted bottom hem sits just beneath the bottom edge of each vane.

KEY FEATURES

- All flair21 fabrics are machine washable for easy care and lasting beauty.
- Our weighted bottom hem falls just below the vanes for an ideal hang.
- Choose from a wide selection of fabric styles, textures, and colors, and save 50% or more when compared to competing products.
- Our Vertical Wrap can be retrofitted over existing vertical blinds with standard flat 3-1/2" PVC vanes.

vertical wrap complete

Our Vertical Wrap Complete combines our signature fabric treatment with complementing vertical blinds. Assembled in our South Carolina workroom, our Vertical Wrap Complete hardware can be completely customized to match your décor.

roller shades

Block out as little or as much light as you want with our collection of roller shades. Available in 1%, 3%, 5%, and 10% opacity, these streamlined shades can be easily lowered for additional light filtration and privacy, or raised when you want an unobstructed view. Choose from over 50+ colors and styles of IFR shade fabric. Best of all, our roller shades are proudly produced in the United States and ship in 10 days or less.

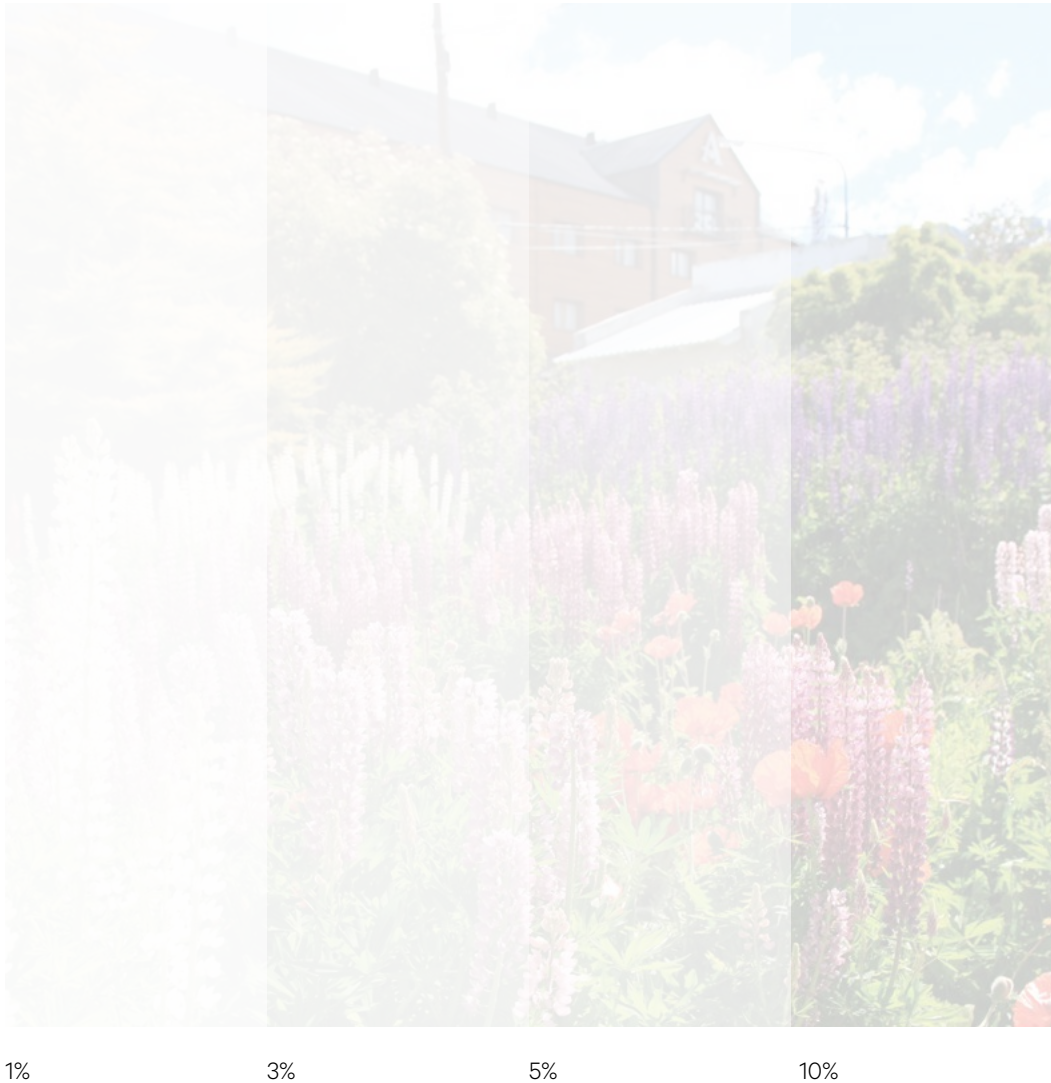

light filtering

Streamlined Privacy and Sunlight Control.

Our light filtering roller shades combine the best of both worlds—they control privacy and aid in light filtration. Choose from differing levels of openness, from 1% to 10%.

panel glide

Whether you're looking for a sleek window treatment or unique room divider, flair21 panel track systems add a dash of modern minimalism to your décor. Panel glides are a versatile and functional solution for both large and small spaces. No matter its function, panel tracks are ideal for a clean, polished look in restaurants, airports, office buildings, and residential spaces.

- The panels attach to the track with Velcro, making it easy to clean or change your panels.
- The top of every panel includes a clear fabric protection shield for smooth gliding, and the bottom contains a weight bar for added stability, easy draw, and an ideal hang.
- Choose from over 450+ fabrics.
- Add motorization for the ultimate functionality and convenience.

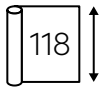

top treatments

Elevate your window treatments with a handmade top treatment. By framing the top of the window, cornices and valances can transform your window treatments into a stylish focal point. Hang them on their own or pair them with shades, blinds, or draperies. These top treatments keep headrails and window hardware out of sight.

Snooze Dimout 1397 | 884
Soda 3145 | 998

WIDE WIDTH

Our large selection of wide-width fabrics allows for seamless window treatments, regardless of the width of the window.

MACHINE WASHABLE

Most flair21 fabrics are machine washable for easy care and lasting beauty.

GUARANTEE

flair21 fabrics come with a 5-year guarantee not to shrink, stretch or fade, and all custom window treatments come with a limited lifetime warranty.

QUICK SHIP

Get custom window treatments in as little as 10 business days for in-stock fabrics.
