NewStyle® Hybrid Shutters

Features the beauty of real wood with advanced man-made materials for a quality product that offers superior strength, straightness and stability.

- New innovative SoftClose™ louvers with Quick Align™
- New HiddenTilt™ operating system
- Refreshed color palette
- New and enhanced frame selection
- New sample kit

NewStyle® Hybrid Shutters

HiddenTilt™ Operating System

- Provides more consistent louver closure for the full length of the panel
- With the new HiddenTilt operating system, all tilt components are fully placed inside the panel stiles for completely unobstructed view-through.

SoftClose™ Louvers with Quick Align™

- Similar to high-end cabinetry, SoftClose louvers feature one-touch control for soft, smooth louver closure.
- Eliminates the need for a hand sweep up or down the panel to achieve tight louver closure every time
- The Quick Align feature provides louver alignment across panels with five pre-set louver positions for adjustable light and privacy control.
