everyday beauty, indestructible style.

Welcome home the look of a finely painted shutter meticulously reinforced with the toughness of polysatin. It's an indestructible combination, delivering a beautiful shutter that lasts and lasts.

Water Resilient: Our unique polysatin compound is perfectly designed for damp or humid conditions.

Microbial Resistance: GREENGUARD listed, our shutters resist the growth of mold and mildew.

Exceptional Strength: Our shutters are reinforced at major stress points for superior strength and stability.

Air Quality: Our shutters are GREENGUARD Gold Certified for low indoor chemical emissions.

Solar Heat Control: Close the louvers to decrease heat loss at the windows by up to 24% in winter, and reduce solar heat gain by up to 85% in the summer.

benefits

The Palm Beach™ Promise™ guarantees that every shutter performs for a lifetime and never warps, cracks, fades, chips, peels or discolors. Durability is now redefined, and it comes with unsurpassed beauty.

Duracatch™ Lock System: Our discreet panel-locking method features secure closure, eliminating the need for magnets.

Lantana™ Hidden Operating System: Our exclusive gear system operates easily, offering expanded views.

DuraLux™ Finish: Palm Beach™ shutters look virtually indistinguishable from premium painted shutters.

key advantages

Fire Retardant: Suitable for both residential and commercial applications, these shutters are NFPA 701 flame retardant certified.

2½" Louver: The 2½" louver is ideal for smaller windows.

3½" Louver: The 3½" louver is a pleasing standard.

4½" Louver: The 4½" louver provides a more expansive view.

Split Tilt: For more privacy, choose split tilt with upper and lower independent panel operation.

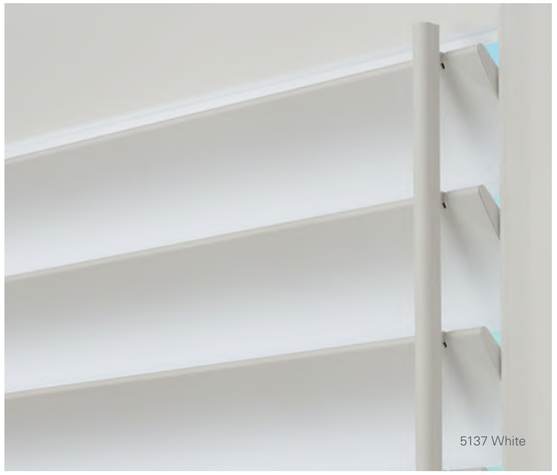
Divider Rails: Add strength to larger panels with divider rails while allowing upper and lower independent panel operation.

light and privacy control

The mere tilt of the louvers can do so much for a room and its mood. Open the louvers to the desired angle to diffuse and soften the outdoor light. Close the louvers to block harmful UV rays while creating a calm and private environment. With these distinctive options, you'll find even more ways to control light and privacy.

5137 White

Palmetto™ Front Center Tilt: This system features a traditional tilt bar that can be placed on the front of the panels.



5137 White

Palmetto Front Offset Tilt: This system has a traditional tilt bar placed on the front of the panel, offset to the hinge or opposite hinge side.

5137 White

TruView™ Rear Tilt: Discreetly integrated into the back of the panels, this system is barely visible from the front.

5136 Bright White

Lantana™ Hidden Operating System: A patented, gear-driven system with one-touch control, the Lantana system has no tilt bars for unobstructed views.

track system options

5136 Bright White with 3½" Louver and Bypass Track Frame with Decorative Valance

Bypass Track: With this system, shutter panels slide smoothly past each other on top tracks to open and close.

5136 Bright White

Bypass Open Louver Track: This track system allows shutter panels to slide with the louvers in an open position for increased view-through.

5136 Bright White

Bypass Triple Track: With a three track design, panels slide and stack in less space than a standard Bypass Track. Plus, the view is increased within a single opening.

5136 Bright White with 2½" Louver and Bi-Fold Track Frame with Standard Valance

Bi-Fold Track System: The system is comprised of hinged panels that connect to a top track for support and guidance during folding.

corner

Shutters for corner windows consist of two separate framed shutters which meet and seamlessly integrate into a home's architecture.

café and double-hung

5151 White Silk with 3½" Louver and Colonial Z-Frame

Full 4-Sided Café: This option creates a complete framed look around the opening with panels ordered at a desired height for cafe windows.

5151 White Silk with 3½" Louver and Colonial Z-Frame

Double-Hung: This option features panels with a horizontal T-Post to help support the upper panels while reducing light bleed.

decorative sill cover

For windows with or without a sill, the decorative sill cover creates the look of a custom trimmed window.

5137 White with Standard Z-Frame with L-Frame as Sill and Decorative Sill Cover

5151 White Silk with 4½" Louver and French Door Cut-Out with Divider Rail

French doors

Our shutters can accommodate a variety of French door handles and lock configurations.
