	Fabric rolls from the back, providing a minimal profile at the window.	Fabric rolls from the front, providing a seamless flow of fabric.	Conceals the fabric roll behind a sleek curved cover. Available either fabric-wrapped or in one of 9 Custom Hardware Colors.	Conceals the fabric roll behind a sleek curved cover. Available either fabric-wrapped or in one of 9 Custom Hardware Colors.	Conceals the fabric roll behind a modern square cover. Available either fabric-wrapped or in one of 9 Custom Hardware Colors.	Conceals the fabric roll behind a modern square cover. Available either fabric-wrapped or in one of 9 Custom Hardware Colors.	The exposed metal valance covers the fabric roll providing an upscale, urban look. Available in one of 9 Custom Hardware Colors or Anodized.	Full dust cover protects shade from dust and dirt while blocking outside light from filtering into the room. Rounded corner only.	Fabric-wrapped valance in 6½" or 8" height provides a clean profile at the window. Select any fabric for a coordinating or contrast valance. Shown: 8" valance in matching fabric. Fabric Valances are ordered separately from the shade.	Designed for ceiling-recessed installations. The fabric roll and operating system is completely enclosed and recessed into the ceiling. Color options: White Tiara or Anodized.
